CARRANZA PROVES HARD TO HANDLE

Refuses to Comply With
Requests of United States
in Regard to Vera Cruz.
Silliman Confers With
Wilson About Mexico.

Washington, October 6.—President Wilson conferred for two hours tonight on the Mexican situation with Secretary Bryan and John R. Silliman, who made a special trip from Mexico at his own request to talk with the president. No inkling of what was discussed was given out at the white house after the conference. Secretary Bryan refused to make any comment.

Mr. Silliman, who is United States consul at Saltillo, Mexico, has been acting as President Wilson's personal representative in Mexico for some weeks. A few days ago he telegraphed the state department, asking permission to come to Washington for a consultation. He was told it was thought best he should return to Mexico City, Silliman was not satisfied and, it is said, his visit was arranged directly with the president.

It is understood that negotiations

for the transfer of authority at Vera Cruz are making little headway, due to Carranza's refusal to comply with the conditions laid down by the United States.

The question of safe conduct out of the country for Mexican refugees, who feel that their lives will be jeopardized under the incoming regime, is one of the many problems with which the officials are dealing. The next passenger steamer will leave Vera Cruz next Saturday, and assurances have been given that the evacuation by the American forces will not take place before next December. Besides the large business interests in pay, the limitation of hours of labor and of laws for injuries; just taxation of necessities such as food, clothing, and shelter; and the reform of the judicial system.

He also proposes giving the marriage contract a civil character, at the same time taking away all union intervention of state officials; establishing divorce laws when both parties consent and the betterment of education.

**WILSON AND CABINET
PLAN FOR CAMPAIGN**

Strong Effort Will Be Made to
Keep Congress in Control
of Democrats.

Washington, October 6.—President Wilson and his cabinet gathered today as a political board of strategy and to plan the campaign for the coming year. The plan is to keep Congress in control of Democrats.

The president expects congress to adjourn next week and immediately afterward the campaign will be begun. A letter to Majority Leader Underwood, of the extreme right, the president's gratification at the work accomplished and endorsing democratic members for re-election will be the opening gun.

The fact that the United States is at peace while Europe is at war; the currency, tariff and the handling by the president of the crisis following the outbreak of the European war are to be the principal points to be dwelt upon by the cabinet members.

Working for Harmony.

The president is making efforts to harmonize all party differences before the November election. In official connection it was reported in official circles that Henry Watterson, the editor of the Louisville Courier-Journal, would lead the incident which caused both to withdraw their support of Mr. Wilson, during the prenomination campaign in 1912. There has been a friendly exchange of letters between the president and Mr. Watterson. It was officially stated.

In New York several members of the cabinet have indicated Governor Cullen for re-election and the president will formally take the same action.

Paul M. Warburg and V. P. Harvey have offered his services in the campaign. There were many indications that the administration would make extraordinary efforts toward securing success in New York.

**REFORMS PROPOSED
BY CARRANZA**

Mexico City, October 6.—General Carranza proposed the following reforms for Mexico, in the statement which he submitted to the United States offering his resignation to the constitution of the states of Mexico:

1. Abolition of municipal liberty; division of national lands and of lands owned by the government; expropriation of the property of municipalities; the protection of the population in the present state of the country; the establishment of large business interests in pay; the limitation of hours of labor and of laws for injuries; just taxation of necessities such as food, clothing, and shelter; and the reform of the judicial system.

He also proposes giving the marriage contract a civil character, at the same time taking away all union intervention of state officials; establishing divorce laws when both parties consent and the betterment of education.

Mother's Friend Before Baby Arrives

During several weeks of expectancy there is a splendid external embolism in our "Mother's Friend" in which thousands of women have the most unbounded confidence. They have used it and know that it is the most wonderful medicine to ease the abdominal muscles and how they avoid stretching pains that are so much dreaded about this safe external application is gently used over the skin to render it amenable to the natural stretching which is undergone. The myriad of nerve chords and great relief is the result of unnecessary pain-producing causes and great relief is the result as expressed by a host of happy mothers who write from experience.

It is a subject which would be familiar with a "Mother's Friend" has been in use many years, and is recommended by grandmothers who in their early days learned to rub upon this splendid aid to women.

You can obtain "Mother's Friend" at almost any drug store. Get a bottle today and then write for our little book so useful to expectant mothers. Address: Bradstreet & Co., 212 Lamar Bldg., Atlanta, Ga.

McCLURE AND HUTCHENS GIVEN WARM WELCOME

Progressive Senatorial Candidates Address Meeting at the Hotel Anley.

The Atlanta members of the progressive party assembled at the Anley hotel last night and gave the two senatorial nominees, C. W. McClure and G. H. Hutchens, a warm reception. Both the nominees delivered speeches to the progressives, expressing confidence that on November 3 they would be sent to Washington as senators from Georgia.

Mr. McClure spoke first, and bitterly assailed Senator Hoke Smith for failing to carry out his promises to Georgia farmers to obtain the support of President Wilson in a campaign to get from Congress financial aid for the south by which the cotton situation might be saved.

Mr. Wilson explained that he had no precedent by which to proceed with aiding the south financially. I ask, veto the sheet if the committee persists in using the money—\$11,700—in October.
